Class Placements 2024/25

It's that time of year when class placements are at the forefront of many minds. There are many factors at play when building classes i.e. friendships, grade ratios, supports needs and learning styles.

Teachers, support staff and admin put in a lot of time and effort during this process to ensure we are thorough. If you have pressing concerns please email Mrs. Appelbe, otherwise we ask that you trust the expertise and care of our staff to build classes that will provide the best learning environment for all our students.
