Comox Valley Schools International Student Program seeks host families

COMOX VALLEY – Comox Valley Schools’ International Student Program (ISP) is actively seeking host families within the school district. The program, which brings international students from various countries to the Comox Valley for study, has welcomed over 250 students from 24 countries this year alone. In addition, more than 30 local students had the opportunity to study in Japan, Spain, Germany, and France.

Becoming a host family offers a culturally rewarding experience, supported along the way by the ISP team to ensure a smooth and positive journey for both families and students. Whether you have children attending our schools or are an empty nester, hosting an international student offers the joy of learning about new cultures and making a meaningful impact on a young person’s life.

Comox Valley Schools encourages the community to help make it even more vibrant by embracing diverse perspectives and fostering new friendships. Host families receive a generous tax-free honorarium each month to support the students.

People interested in hosting a student are encouraged to contact Youn Hee Edmonds at Younhee.edmonds@sd71.bc.ca or Krista Oliphant at Krista.oliphant@sd71.bc.ca for more information.
